Message from the Director's Desk

Dear Parents and Students,

A warm welcome to the new academic session 2025-26 !

At Prince Education Hub, we believe that education is the cornerstone of a successful life. It's the key that unlocks the doors to limitless possibilities. We're committed to empowering our students to transform their aspirations into achievements.

I'm heartened to see parents from all walks of life prioritizing their children's education, making sacrifices to ensure they receive the best learning opportunities. Our dedicated team is passionate about turning the dreams of our students and parents into reality.

Our track record speaks for itself. Consistently, our students have achieved outstanding academic results, thanks to our high-quality education, exceptional faculty, and world-class facilities at an affordable fee.

Our mission goes beyond just academic excellence. We're committed to strengthening our students' academic foundation, enabling them to

achieve greater success in higher education and competitive exams. The 2024 board exam results were a testament to our legacy of excellence. Our students broke records, with an impressive number scoring above 90%. Several students secured Top-10 state ranks, including 1st, 2nd, and 3rd positions in the Rajasthan board. But that's not all. Our students have consistently excelled in prestigious competitive exams like IIT-JEE, NEET, CUET, NDA, CLAT, CA Foundation, JET, and ICAR, securing selections while still in class 12th.

As we embark on the 2025-26 session, we're committed to further enhancing the quality of education and facilities. Our unwavering focus will remain on academic excellence, discipline, and holistic development to help every student reach their full potential.

At Prince Education Hub, we'll continue to strive for greater heights, ensuring that every student and parent associated with us experiences pride and success.

Best wishes,
Jogendra Sunda

Beyond Traditional Schooling

The Era of COMPETITION SCHOOLING

There was a time when students could build a successful career through traditional school education alone. Gradually, as competition intensified, students started preparing for competitive exams after Class 12, achieving success within one to four years. Over time, competition-oriented preparation began alongside Classes 11 and 12, allowing students to secure top ranks either with their board exams or with an additional year of focused preparation.

However, education today has evolved into an advanced and highly competitive landscape. Recognizing this shift, Prince Education Hub, one of Rajasthan's most prestigious institutions, has integrated competition-oriented learning into its schools. Here, students are nurtured from the foundational years, balancing regular schooling with extensive co-curricular activities and Olympiad-based learning, preparing them for competitive success from an early stage.

How Prince Competition Schools Stand Apart from Other Coaching Institutes

Most coaching institutes across India offer pre-foundation courses to prepare students for various competitive exams. However, a student's overall development depends significantly on the school environment and co-curricular activities. Students who leave school for coaching-based learning alone often miss out on essential personality development aspects. Prince Competition Schools bridge this gap by providing:

- ✓ Competitive exam preparation combined with holistic school education
- ✓ A structured school environment that fosters discipline, personality growth, and academic excellence
- ✓ Exposure to Olympiads, talent exams, and real-world challenges from Class 6 onwards

This unique approach has led to remarkable student achievements in

recent years.

In various national and international Olympiads, Prince students have consistently secured top international ranks and gold medals.

With its Competition Schooling Model, Prince Education Hub is shaping future champions, ensuring that students not only excel in academics but also develop into well-rounded achievers ready to conquer any challenge.
